REVEREND ROBERT D. ESTER, SR., PASTOR

June 1, 2005

It is with pleasure that I write this letter of recommendation regarding Kontagiouz Soundz. We had the pleasure of having them fellowship with us at our annual youth retreat on Saturday, May 22, 2005.

They came prepared and armed with the word of God. Their timeliness and thorough workshop on "The Reality of Hip - Hop" changed many of our youths perspective on the power of music and its influence on kids today.

Kontagiouz Soundz also reinforced their workshop with a live gospel rap concert featuring several gospel rap artist as well as themselves. This too was a highly favored event amongst our youth. The latest music sound combined with spirit filled lyrics (hooks), made for a positive afternoon.

I highly recommend Kontagiouz Soundz for any event where the word of God is being shared. Their ministry is refreshing and a blessing to all who have an opportunity to be a part of it!

In His service,

Sister Wakita Wilson,
Program Coordinator
