Attn: Christopher and Shaleun Harold aka Kontagiouz Soundz

St. John Youth were very anxious and excited about KSP coming to Wolf Mountain camp site to talk about Hip Hop. Most of our youth at St. John listen to hip hop and rap music however, most of them are not aware of the meaning of some words, slang, and "dress code" -Chris broke it down in simple terms by using a powerpoint presentation with plenty of pictures and history of Hip Hop music, when it began, why it began, and where it is going. There was a deep sense of respect and amazement from the youth that night! Chris and his wife are a great team and should be commended on the work they are doing for the Lord. May God continue to bless them with a vision for our youth, young adults, and adults.
